

Thanks for the chance to comment on this docket.

I prefer the more stringent requirements as provided in the rules of the State of Wisconsin's no call list. I believe we get too much advertising in our daily lives and don't need any more than we get now. Less would be better.

The decision should be up to the voters of the individual states as to what the no call list requirements are, especially if they are more stringent than that same list at the Federal Level.
